

10 Things You Can Do to Help Prevent War

- 1 Encourage groups you're involved with to endorse "10 Reasons Environmentalists Oppose the Attack on Iraq."
Visit <http://www.envirosagainstar.org/sayno/index.html>.
- 2 Reduce your dependence on oil. Visit (link to 10 Ways to Save Energy).
- 3 Write a letter to the editor in support of peaceful resolutions to global conflicts
(check the editorial page of your newspaper for contact information).
- 4 Encourage articles about the environmental impacts of war in local newspapers, organizational newsletters and congregational bulletins. Visit <http://www.envirosagainstar.org/media/index.html>.
- 5 Participate in or organize a peace event (rally, march, teach-in, press conference, etc.).
Visit <http://www.unitedforpeace.org>.
- 6 Make a sign to put in your window or yard, or to carry at a demonstration.
Here are some suggestions:

Another Environmentalist Against War
Support the Troops, Ban Depleted Uranium
War is Not an Energy Policy
Go Solar, Not Ballistic
How Many Lives Per Gallon?
No Blood for Oil
War is Bad for People and Planet
Peace is Patriotic (and Sustainable)

- 7 Support efforts to prevent the military from receiving exemptions from environmental legislation.
Visit <http://www.miltoxproj.org>.
- 8 Sign up to receive weekly email alerts from Environmentalists Against War.
Visit <http://www.envirosagainstar.org/listserv.html>.
- 9 Help protect your right to protest peacefully by supporting efforts to repeal the US Patriot Act.
Visit <http://www.aclu.org>.
- 10 Send an email to your friends encouraging them to visit the Environmentalists Against War website -
<http://www.envirosagainstar.org>.
